

Wrap-Up

- Next Steps
- Getting Involved with LSST & LSST:UK

Next Steps

- Open Data Framework
 - Announcement soon; will relay to lusc-announce
- Commissioning
 - Graham Smith will arrange telecon
 - Engage with discussion in Science Collaborations
- Look at Science Requirements Document
 - Linked from Science Working Group wiki space
<https://lsst-uk.atlassian.net/wiki/spaces/LUSCSWG/overview>

Getting involved

- Confluence wiki: <https://lsst-uk.atlassian.net>
 - *Apply for an account* (emailing George)
 - *New-user introduction*
 - *LSST:UK Announcements Email List* (lusc-announce)
 - *Mailing lists*
- Science Working Group space
 - UK contacts for each Science Collaboration

LSST Science Collaborations and Chairs

- **Galaxies** (M. Banerji, S. Kaviraj)
 - **Stars, MW and Local Volumes** (J. Bochanski, J. Gizis, N. Kallivayalil)
 - **Solar System** (M. Schwamb, D. Trilling)
 - **Dark Energy** (E. Gawiser, P. Marshall)
 - **AGN** (T. Almeyda, N. Brandt)
 - **Transients/variable stars** (F. Bianco, R. Street)
 - **Strong Lensing** (C. Keeton, A. Verma)
 - **Informatics & Statistics** (T. Lored, C. Schafer)
- SC membership *currently* requires Affiliate PI or Junior Associate status

Obtaining AP and JA status

- Calls announced on lusc-announce list
 - Affiliate PI (faculty) – annual, in the autumn
 - Junior Associate (postdoc, PhD students) – quarterly
- More info linked from home page of wiki site
- **But** this would all go if the ODF is adopted
 - Expect Science Collaborations to be open to all

Summary

- If you haven't already
 - Sign up for LSST:UK wiki: <https://lsst-uk.atlassian.net>
 - Sign up for lusc-announce list
 - (AP or JA status) join Science Collaboration(s)
- LSST Project docs: <https://www.lsst.io>
- Any questions?

- Thank you...
To our hosts – Cosimo, Erminia and Tim
To all speakers
To all attendees, for lively discussion

LSST:UK All Hands Meeting 13-15th May 2019
