Lasair

Introduction and Goals

Lasair Tech Review March 2020

Andy Lawrence

Zoom Meeting Protocol

- Mute mike when not speaking
- Use "hand up" button to speak

session chair
will call on you

- Slack discussion anytime, but concentrate on the meeting!

- Mature working prototype
- Now design and build for LSST
- Need baseline technology decisions then proceed to technical design

- Proposal due to LSST in June

Goals

- **Identify** Key Technology decisions
- **Review** test results
- **Conclude** some Key Technology choices
- **Set** further tests

(Outline a technical design)

NOT

- ~~Full Technical Design Review~~
- ~~User Interface Review~~
- ~~Revisit of Sci. Reqs~~

Key context but not core decisions today

- Interaction with UK DAC
- Relationship to other brokers
- Relationship to LSST project

Structure

- Intro and context
    coffee
- Review key technology areas 1-2
    lunch
- Review key technology area 3
    tea
- Recap and debate
- Decisions
- Set further evaluations

- Interactive debate

  but
- Stay focused

  and
- Spot key issues

  then
- revisit and conclude

*George and Roy
will record
as we go along*

*a few clear decisions
better than
lots of vague ones*
